May 15th, 1920

Dr. George Herrick Duggan,
Montreal.

Dear Dr. Duggan:

I am glad to be able to inform you that at a meeting of the Senate held last night it was unanimously agreed to offer you the degree of Doctor of Science. This is one in recognition of your eminent work as an engineer, which has brought you great repute in this Dominion, and which also is regarded with pride by your old University.

Commencement will be held on the evening of Thursday, June 3rd, when the degree will be conferred. The University provides the hood, but those who are to receive degrees are expected to bring their gowns.

The University will be glad to arrange for your entertainment. I hope that you will be able to be with us.

I am, Yours sincerely,

President.
